

WALKER BARRIER SYSTEMS ANNOUNCES BRIAN ALBERS AS FIELD SERVICE MANAGER

New Lisbon, WI-August 26, 2011- Walker Barrier Systems has named Brian Albers to the position of Field Service Manager.

Brian comes to Walker Barrier Systems with many years of field service and quality system management experience, in several industries, including establishing and managing the field service organization for a clinical medical device manufacturer. Brian started his professional career following his service in the United States Navy, including being a member of Operation Desert Shield in the liberation of Kuwait.

In his new role Brian will be responsible for the leadership and enhancement of the field service and parts sales groups of Walker Barrier Systems.

Brian is quoted as saying "I am very excited to join the diverse group in the management team at Walker Barrier Systems, and look forward to bringing my vision and dedication to providing best in class service to our customers."

Contact information for Brian Albers is as follows.
