

**Walker Barrier Systems Announces the Exclusive Servicing of Extract Technology's equipment throughout North and South America from our New Lisbon, WI Headquarters Facility beginning in 2012**

Walker Barrier Systems is pleased to announce that they will assume the service and support for all Extract Technology's equipment throughout North and South America, effective January 1, 2012.

Walker Barrier Systems will continue to work closely with Extract Technology staff, to ensure a smooth transition of service and support activities from Huddersfield, UK to New Lisbon, WI.

Walker Barrier Systems will continue to utilize existing resources to ensure availability of OEM replacement spare parts as required. The trained and knowledgeable staff at Walker Barrier Systems look forward to meeting all of your service, replacement part and retro-fit/relocation needs.
